WELLBEING

CLIENT INFORMATION GUIDE

Aline de Sá

Registered Counsellor ACA 87029

Telehealth counselling · English & Portuguese

WELCOME!

It's a pleasure to have you here!

I'm glad you're taking this step, and allowing me to be part of your decision to look after your emotional wellbeing.

This guide explains a little about who I'm, how I work, what to expect from our sessions, and the practical details, such as fees and scheduling.

ABOUT US

Inner

Because the work happens underneath the story. First you tell me what happened (the argument, the job, the move). Below it sits something older: how you learned to read yourself, and what you decided that made you. Not inner as in hidden or mystical. Inner as in yours, your inner self, the part of your life only you can describe.

Meaning

Because events don't reach us raw, they arrive already interpreted. Two people lose the same job: one feels a door close, the other hears confirmation of what they always suspected about themselves. The difference isn't the event, but the meaning attached to it, usually set long before, by experiences you were too young to question. Meanings made early can be revisited. That's the whole premise of this work.

THE PERSON BEHIND THE COUNSELLOR

I'm Aline, 30 years old,
I was born and raised
in Brazil and now live in
Sydney since 2023.

I'm passionate about philosophy, and art is
my favourite hobby. On weekends I try to
step away from screens and reconnect
with myself and with the people I love.

I've been in my own therapy for more than
ten years. That's where I learned to look at
myself with more lightness, compassion
and care, and it's what I bring to my clients.

MY PROFESSIONAL BACKGROUND

My original training is in Psychology, followed by postgraduate study in Cognitive Behavioural Therapy (CBT) and Schema Therapy, all completed in Brazil.

Here in Australia I practise as a counsellor registered with the Australian Counselling Association (Member 87029).

I work with adults, in English and in Portuguese. What comes up most often in this room is anxiety, worry and overthinking, self-criticism, self-worth and perfectionism, relationships, boundaries and emotional dependence, life transitions, including the particular weight of building a life far from where you started.

HOW I WORK

The base of my work is the **Cognitive Behavioural Therapy (CBT)**, which teaches us that although we can't control everything, we can work with our thoughts and the way we respond to situations. Through its techniques we learn to make our thinking more flexible and to regulate our emotions.

It is considered a gold-standard approach for many concerns, because it is grounded in evidence-based practice.

Schema Therapy is also part of our work together, as it looks further back, at the patterns formed early in life that still shape how you see yourself and what you expect from others.

WHAT YOU CAN EXPECT FROM OUR WORK TOGETHER

The aim of my work is to help you revisit the meanings you've carried and build a steadier, gentler relationship with yourself.

I work on social skills and assertive communication, help you regulate your emotions, build self-respect and self-care, and work with what comes with moving to a new country, starting over professionally, being far from family, and finding your place between two cultures.

ABOUT THE SESSIONS

Your space

Choose somewhere private, where you can speak freely and won't be interrupted.

Connection and devices

Sessions are held via Google Meet. Keeping a good internet connection is a shared responsibility. You'll need a phone, tablet or computer, and headphones.

Frequency and length

Sessions run weekly at an agreed day/time and last 50 minutes.

Language

We can work in English or in Portuguese, and you can move between them whenever it helps. Some things are simply easier to say in the language you first felt them in.

INVESTMENT

Individual session (50 minutes): \$ 120

Package of 4 sessions (per month): \$ 400

Payment is made in advance, by bank transfer or PayID, before each individual session, or before starting a new package.

Cancellations need at least 24 hours' notice so we can look at rescheduling. Sessions cancelled late or missed without notice are charged in full.

A note on rebates: Counselling isn't covered by Medicare. Some private health funds do offer rebates for counselling, it's worth checking with yours.

BOOKING YOUR FIRST SESSION

The first session is for us to meet: for me to hear what brings you here, and for us to decide together where our work might go.

In that conversation I'll explain how confidentiality works – what it protects and the few limits it has – along with our working agreement, so everything is clear from the start.

There's no need to have it all worked out beforehand. Coming as you are is enough.

BOOK YOUR FIRST SESSION HERE

It will be a pleasure
to work with you!
